

Fundraising Information

The Kettle Corn Company is pleased to offer two delicious opportunities to help raise funds for non-profit organizations or groups! Our pricing structure reflects a commitment by The Kettle Corn Company LLC to helping our community and is **not designed to provide wholesale pricing to individuals or groups using our product for personal or corporate profit**. The fundraiser is comprised of selling individual bags of kettle corn to family, friends, neighbors, co-workers and/or spectators. Our two types of fundraisers are listed below, and **20%** of the total profit will be given back to your non-profit organization once your event is over or all orders have been placed and fulfilled. The more you sell, the more you earn for your group! EVERYONE LOVES KETTLE CORN!

On-Site Cooking and Selling - This fundraiser is best for non-profit organizations or clubs that are having an organized event on a certain date at a specific time. Types of events can include football/baseball/soccer games or tournaments, school carnivals, grand openings, customer appreciation events, car washes, church youth groups, etc. This fundraiser is the easiest for your organization because we come to your event, set up our trailer/equipment, cook the kettle corn and sell directly to your attendees. It's best if your event is expected to draw at least 75 individuals. When popping on-site, we can offer one or all of our sizes. Nothing is better than warm, fresh kettle corn!

Direct Sales by Members - This fundraiser works best for non-profit organizations or clubs that are wanting its members to sell to family, friends, neighbors and co-workers directly during a specified time period (i.e. one week) and then deliver the orders to their customers. A Fundraising Coordinator will be responsible to assemble all orders, relay the order information to us, and distribute the bags to members for delivery. The Kettle Corn Company will supply an original order form that can be duplicated for each participant. A specified amount of time will be given to take orders and gather the appropriate funds. Each bag of kettle corn will sell for \$8 (medium) or \$10 (large). Cash or check will need to be collected at the time of order. Typically a fundraiser of this type takes two weeks to complete. A delivery date will be agreed upon once all orders have been collected. The size of the entire order will determine the amount of time needed to cook, prepare and deliver the order to your coordinator.

Please call or email to get your fundraiser on our calendar!
